

TAS LAB

Trustworthy AI and
Autonomous Systems Lab

THE HONG KONG
POLYTECHNIC UNIVERSITY
香港理工大学

Department of
Aeronautical and Aviation Engineering
航空及民航工程學系

Remarkable Team Milestones in 2026

- Named in both career-long and single-year Top 2% lists
- Team's first cross-sea logistics flight in Hong Kong's LAE sandbox
- Joint labs with Simple AI and Genvict; Associate Editor, IEEE T-IV

2026 in Review

By October 2026 the lab had 38 members. Dr Wen was named in both the career-long and single-year Top 2% lists, received the PolyU Faculty of Engineering Merit Award for Outstanding Early Career Researcher and became Associate Editor of IEEE T-IV. The team completed its first cross-sea logistics flight in Hong Kong's low-altitude sandbox, launched joint labs with Simple AI and Genvict, co-organised an ICRA 2026 workshop in Vienna, and its PhD students won the OneRobotics track of the HK Physical AI Hackathon.

Selected papers

- Y. Zhang, Y. Wang, W. Wen. EIRM-RL: Epistemic integrity risk monitoring inspired safe reinforcement learning. IEEE IoT-J
- R. Xu, X. Liu, X. Wang, W. Wen, Y. Huang. RTT-LIO: A Wi-Fi RTT-aided LiDAR-inertial odometry via tightly-coupled factor graph optimization. IEEE IoT-J
- Y. Wang, S. Qiu, Y. Huang, W. Wen. D2IO: Diffusion-based deep inertial odometry for pedestrian indoor localization. IEEE TII
- Y. Cao, J. He, B. Li, S. Xu, X. Tao, L. Fan, W. Wen, D. Cao. Humanoid robot locomotion in unstructured environments: A survey and perspectives. IEEE RAM
- R. Hu, J. Liu, Y. Zhong, W. Wen, M. Xia, Y. Huang. Fisheye image/GNSS based multimodal learning for GNSS NLOS/multipath correction. IEEE TVT

Research & Innovation Awards

First Prize in Natural Science

China Simulation Federation · Prof. Wen as co-investigator

Merit Award, Outstanding Early Career Researcher

PolyU Faculty of Engineering Awards 2026

Championship, OneRobotics Track

HK Physical AI Hackathon · Team ARGUS

Fuyao Award

PolyU-Tsinghua Alumni Jiangsu visit

Best Presentation Award, NaviCON 2026

Prof. Weisong Wen

Best Oral Presentation, ICRL 2026

Prof. Weisong Wen

2 x Best Presentation, PolyU-CUHK(SZ)

Yu Feng and Feng Huang

Early Bud & Rising Soar Awards

1st Hong Kong-Wuxi Innovation Cup

International Journal & Conference Publications
